- > We read a part of an article together.
- We discuss the content of the article together.
- > Once done, move on to article two.
- Your teacher summarizes the class and we go through what we learned together.

- No English!
- Going off topic is ok. The article is only a starting point. You can bring up other topics.
- Reply directly to other students thoughts. No need to wait for the teacher to call your name.
- You can interrupt your teacher and speak up at any time. Don't be shy to speak. Do not wait for your name to be called.
- You can always disagree but must show respect towards other people's thoughts.

- Real life topics, vocab and talk are hard. This will and should be very challenging. Do not worry if you struggle. It is ok to feel overwhelmed by this. It will get much easier after you took a few classes.
- You can read the article before the class, but you do not have to.
- Your teacher is always there to help. Just ask if you need support.
