

# LTL Chinese Immersion Programs

The best of two worlds

The LTL Chinese Immersion Programs combine a course in an international city like Beijing with studying in a different world in Chengde, visit historic temples, hike in the mountains and get away from all the other 老外, Lǎowài (foreigners) entering into a truly Chinese world. Students get to experience both worlds, spending the first weeks in Beijing before moving to the Chinese heartlands and a full immersion experience.
